## NO WAR WITH TURKEY

Our Gunboats Not Going There For That Purpose.

WE ARE IN NO DREIBUND.

European Powers Must Stand Alone in This Affair—Still, the United States Will Be Well Represented if There is Going to Be Any Serious Trouble in Turkey. Latest on the Subject.

WASHINGTON, Sept. 18.—The cablegram from London stating that there was a strong possibility that American warships might co-operate with the British fleet in either a demonstration in the Mediterranean or actually forcing the Dardanelles was read with interest, but without credence by the officials of both the navy and the state departments.

At the navy department the officials state that there is absolutely no intention of joining Great Britain in any movement against Turkey, such as indicated in the dispatch. It should be remembered at all times that the United States was not a party to the European concert, following upon the famous treaty of Berlin, of Beaconsfield and Bismarck. Indeed, this country officially declined repeated and urgent invitations from the European powers to join in signing the treaty, whose principal purpose, it was claimed, was the protection of the Armenians in Turkey.

It is true that the navy department has ordered the Bancroft to the Dardanelles and orders have been issued to the Cincinnati, now at Tomkinsville, to sail on Saturday for Gibraltar. But neither of these orders are intended to have any bearing on a possible co-operation of the United States with Great Britain in any demonstration before Constantinople.

The arrival of the Cincinnati in the Mediterranean will give Admiral Selridge quite a formidable fleet, all within easy reach.

It is believed that the only reason why the Bancroft has been ordered to Constantinople is because Minister Terrell, foreseeing the constant tumults and riots occurring in Turkey, is anxious that the American residents, in case it becomes necessary for them to seek protection, shall have an American ship on which to take refuge, or that even if so grave a crisis did not arise that the American flag may at least be seen by anxious Americans. Incidentally, it is believed that Minister Terrell himself foresees the possibility that he may be compelled to leave the American embassy somewhat hurriedly some day, and that he would very naturally prefer taking refuge under the American flag to asking the courtesy of any British admiral.

At the state department the only answer to the cablegram is the stereotyped reference to the farewell address of President Washington, warning his country against entangling alliances. All suggestions from abroad for the formation of an international dreibund of Great Britain, Italy and the United States are received at the state department with a smile, and the secret of the anxiety of the British newspapers for co-operation in this attack on Turkey by the United States is believed to be in the statement of Sir Charles Dilke that Great Britain alone is not strong enough to wage war upon Turkey, an action which, in his opinion, would bring about a general war in Europe, a situation for which Great Britain is not yet prepared.

Great Britain has at the present time at the gates of the Dardanelles, ready to force a passage to the Golden Horn, a fleet of modern warships that ought to prove invincible. It includes 10 battleships and four cruisers. Among the battleships are the Ramilles, the Barfleur and the Hood, of 14 guns each, while the remaining seven battleships all carry 10 guns each. Of the four cruisers, one, the Hawke, carries 12 guns, while the remaining three cruisers carry 10 guns each, so that the British fleet carries 154 guns of heavy caliber.

### CRISIS NEARER.

Foreign Residents in Constantinople Expecting the Blow to Fall.

CONSTANTINOPLE, Sept. 18.—The city is in a state of consternation. The foreign residents are daily expecting the blow to fall. That the Yildiz palace will soon have another occupant is admitted on all sides. Then there are those who openly speak of dismemberment.

According to the latest report from the palace there were 200 persons killed when the four companies of Albanians were forcibly disarmed and replaced by the five Seraskier battalions during the attack on the palace.

It is history that when dethronement is in sight the monarch's brothers are arrested and often murdered. History is repeating itself in Abdul-Hamid's case. His brothers were arrested last evening. Redran Pasha, a governor of Constantinople, has been dismissed.

History repeats itself again. A proclamation has been read in the mosques which paves the way to granting the request of the powers that six ironclads shall have free passage of the Dardanelles. This is the unvarying and immediate precursor to a change in sultans.

As previously cabled the young Turk party placarded the city, urging the people to revolt and depose the sultan. These revolutionary documents intensified the excitement. They proved that which foreign residents heretofore doubted, viz., that a Mussulman movement has been initiated against Abdul Hamid.

The embassies have declined the offer of the Turkish government to furnish them with additional guards. The ambassadors prefer to rely upon the marines from the warships.

### UNDERSTANDING EXISTS.

Our War Vessels Will Enter the Bosphorus After the British Invasion.

LONDON, Sept. 18.—St. James' Gazette publishes a special dispatch from Washington in which it is asserted that President Cleveland is determined that the United States cruiser Bancroft, now on her way to Turkish waters, shall enter the Bosphorus.

The government at Washington, the dispatch says, is fully informed of the plans of Lord Salisbury, and if the ships of the British fleet force the Straits of Dardanelles the American ships will follow and preserve order, without engaging the Turkish forts.

Several of the leading provincial papers, including the Leeds Mercury (Liberal) and the Yorkshire Post (Conservative), concur in the view that the joint action of the British and American warships at Constantinople would be a magnificent and effective co-operation.

### Plot Discovered.

CONSTANTINOPLE, Sept. 18.—The police announce that they have made an important discovery of bombs and other explosives and incriminating documents in an Armenian house in the Faubourg Scutari. Two of the leaders and many of the members of the Armenian committee have been arrested in connection with the discovery and have confessed their guilt. They have also denounced many of their accomplices to the police. The police have a hope of being soon able to unearth the whole plot.

### Want Concerted Action.

LONDON, Sept. 18.—An editorial in the Daily News (Liberal), commenting upon the semi-official statement issued by the government with regard to its policy in Turkey, says: "It will be a bitter disappointment for everybody, but the country must persevere. The true business of the government is not to force the dardanelles, but to force a concert of the powers to its own righteous and honorable ends."

### Trouble Begins in the Palace.

LONDON, Sept. 18.—The Constantinople dispatch to the Morning Post says: The grand visier, Halil Rifat Pasha, threatens to resign unless the minister of police is dismissed on account of the recent massacres. The sultan upholds the police minister and refuses to accept the resignation of the grand visier.

### HIS STORY MAY BE TRUE.

A Michigan Man Missing and an Investigation Is Being Made.

FORT WAYNE, Sept. 18.—The story told by Willie Bowen, the 11-year-old son of B. F. Bowen, of Vicksburg, Mich., who claims to have been kidnapped by Joseph G. Watson, alias George Sliver, in effect that Watson shot and killed a man in a boxcar near Mendon, afterward burying his body in a thick woods and swearing the lad to secrecy, is commanding much attention, for the reason that Sheriff Vosburg, of Kalamazoo, Mich., has arrived here and reports that George Wilson, a farmer near Vicksburg, is mysteriously missing, together with a large sum of money.

Watson is under arrest. His actions excite suspicion, and he will be held to await further developments.

### EXPLOSION OF BLASTING POWDER.

Two Miners Are Seriously Injured and One Will Probably Die.

BRAZIL, Ind., Sept. 18.—James Smith and John McQuade, brothers of ex-State Mine Inspector McQuade, were seriously injured in the Diamond shaft of the Keeler Coal company, north of the city. They had fixed a charge of blasting powder and lighted the fuse.

Thinking it had exploded, they returned to the room, entering just as the shot exploded. Both men were terribly injured, and it is probable that Smith, whose ribs were broken and his back crushed, will die. McQuade was injured about the head and shoulders.

### Death of Austin E. Ford.

NEW YORK, Sept. 18.—Fire Commissioner Austin E. Ford died yesterday at his home in this city following an operation for appendicitis performed several days ago. Mr. Ford was reared in San Francisco, and married Miss Annie Oakley, of that city, in 1890. He was editor of the Freeman's Journal, and was always prominent in Irish affairs. He had charge of and opened the famous Cooper union meeting in 1882, which brought about the release of Henry George and other American suspects held in British prisons. He was 39 years old.

### Mrs. Barnum Called Abroad.

BRIDGEPORT, Conn., Sept. 18.—Mrs. Demetrius Callias, formerly Mrs. P. T. Barnum, called from New York yesterday bound for Constantinople. She was summoned thither by a cablegram from the secretary of the British embassy at the Turkish capital, saying: "If you wish to see your husband alive, come at once." Mr. Callias has been ailing all summer. He is a Greek and his marriage with the famous showman's widow was one of the social sensations of last year.

### Reported Milk Sickness.

HAGERSTOWN, Ind., Sept. 18.—This community is much excited because of milk sickness. One young woman who drank milk from a cow which soon afterward died is now dangerously ill, and her life is despaired of.

## WEYLER DESPERATE.

He Will Direct New Operations in Person.

ALL PARDON EDICTS REVOKED.

The Spanish to Make One Supreme Effort to Crush the Cuban Patriots Out of Existence—Spanish Spies Watching the Southern Coast—Dispatches From Havana—Other Cuban War News.

NEW YORK, Sept. 18.—The Herald's correspondent at Havana cables that Captain General Weyler has held a conference with various commanders of columns; also with the commanding officer of marine and the chief of the medical department, with the result that a vigorous campaign against the insurgents will at once be begun. Captain General Weyler will assume personal command at Pinar del Rio, Ahumada and Palmerola, taking charge respectively of military and political affairs at Havana.

Among other measures General Weyler thinks of adopting as a prelude to the campaign is the revocation of the edict of pardon, obliging families having connections in the ranks of the insurgents to move into other provinces and making concentration in villages obligatory, considering that all persons found in the country are supporters of the enemy.

According to the latest information, Maceo has moved south of his former positions. No steps will be taken to follow him until the commencement of the concerted operations above referred to.

### WATCHING FOR FILIBUSTERS.

The Spanish Legation Makes Complaint to the Mobile Authorities.

JACKSONVILLE, Fla., Sept. 18.—A Mobile special to The Citizen says: Senior J. G. Sabral, an attaché of the Spanish legation of Washington, has been here several days. He came south to investigate a report that a party of Cuban sympathizers were rendezvousing on the Mississippi coast, preparing to sail for Cuba. He spent a week visiting Pensacola, New Orleans and other towns and cities along the coast, and he has learned that Cuban sympathizers from Florida, Alabama and Louisiana have been gathering for more than a week at Bay St. Louis and Pass Christian on the Mississippi coast.

He has informed the custom house officials here that he has information that a large Cuban expedition party was assembled on the Mississippi coast with a view to sailing in a day or two. The Spanish delegate reports that arms and ammunition have been shipped to the expeditionists in small quantities and has been accumulated.

### HAVANA DISPATCHES.

Some Items That General Weyler Has Permitted to Be Sent Out.

HAVANA, Sept. 18.—According to the official returns the number of men suffering from yellow fever in the military hospitals throughout the island is 1,155. The death rate is said to be 15 per cent. The insurgents have burned the tobacco plantation of San Lorenzo, Matanzas, belonging to the Arroyo company, this city. The loss is estimated at \$150,000.

Colonel Rosel has had several skirmishes at Zuazo, province of Santa Clara, with the insurgents under Bandera, and it is said that the insurgent leader afterward passed Guaraacabulla and was apparently pushing eastward.

### General Roloff Arrested.

NEW YORK, Sept. 18.—General Carlos Roloff, a Cuban, was arrested yesterday on the charge of aiding and abetting the sending of filibustering expeditions to Cuba. He was formally held in \$2,500 bail by United States Commissioner Alexander. Roloff is said to be a major-general in the army of General Gomez, and he came to this country about two months ago for the purpose of fitting out filibustering expeditions to aid Cuba. He is charged with being connected with the Laurada expedition and others.

### Three Friends Seized Again.

JACKSONVILLE, Fla., Sept. 18.—The filibustering steamer Three Friends was seized yesterday afternoon at Fernandina by the government authorities. The vessel had just taken on a large cargo of coal and provisions and was on the point of leaving when the special customs inspector went aboard and took charge. It was supposed that the steamer was on the point of starting on another expedition to Cuba, arms and men to be taken aboard at sea.

### Landed Her Cuban Party.

NEW YORK, Sept. 18.—A dispatch to The World from Kingston, Jamaica, says: The Ardandhu, a reputed filibuster steamer, which was reported to have been chased from Cardenas on Sept. 7, has arrived here, having in the meantime successfully landed her party in Cuba.

### PROBABLY HOLMES' VICTIMS.

Grave Full of Human Bones Found in a Chicago Suburb.

CHICAGO, Sept. 18.—In the dense woods between North Evanston and Wilmette a grave has been found full of human bones. The discovery was made by A. H. Parker, of Evanston, who, with his wife, has been making frequent excursions into the woods during the last two months.

Mrs. Parker some weeks ago declared the place was a grave and urged her

husband to investigate it. He at first refused, but finally consented just to show his wife that she knew nothing about graves. He dug long enough to turn up a few ribs and a thigh bone and then called on the police for help. Yesterday afternoon several other bones and a skull, supposed from its size to be that of a woman, were found. The investigation was stopped by darkness, but will be resumed.

The spot is only a few yards from the house in which H. H. Holmes lived in Wilmette, and it is thought by the police that the bones may be those of some of his victims. The bones had evidently been interred within two years and were apparently placed in the grave without a coffin and no clothing of any sort was found. From the sizes of the bones it is thought they must be from several people.

### NEW YORK DEMOCRATS.

State Ticket Named and the Chicago Platform Endorsed.

BUFFALO, Sept. 18.—The Democratic state convention met here yesterday and nominated the following ticket:

For governor—John Boyd Thatcher, the present mayor of Albany, ex-state senator and New York's world's fair commissioner.

Lieutenant governor—Wilbur F. Porter of Watertown, ex-commissioner of the court of claims and political leader in northern New York for many years.

For judge of the court of appeals—Robert C. Titus of Buffalo, judge of the supreme court and former district attorney of Erie county.

The platform indorses the Chicago platform and ticket, saying that "never in the history of the Democratic party has a platform been written which embodied more completely the interests of the whole people, as distinguished from those who seek legislation for private benefit, than that given to the country by the National Democratic convention of 1896."

It denounces the Raines law and accuses the Republican state administration of extravagance and partisanship.

### ENOCH PRATT DEAD.

The Millionaire Banker and Philanthropist Passes Away.

BALTIMORE, Sept. 18.—Enoch Pratt, the millionaire banker and philanthropist, died at 9 p. m. last night. Enoch Pratt was born in North Middleborough, Mass., Sept. 10, 1808.

In 1831 he came to Baltimore and established as a commission merchant; a little later on he founded the wholesale iron house of Pratt and Keith, which afterward became that of E. Pratt & Brother.

At the time of his death Mr. Pratt was president and director of the National Farmers and Planters' bank, the duties of which positions have developed upon him for the past 45 years; vice president and director of the P. W. & R. railroad for 25 years, also president and director in numerous other institutions and prominently identified for many years past with railroad building and shipping interests.

### Four Persons Injured.

CHICAGO, Sept. 18.—The last section of the special Chicago, Burlington and Quincy train from the Ideal race track collided with the rear of a slow freight as it was pulling into the city and four persons, including two passengers, and the engineer and fireman were injured. They are: Mrs. Emma Garner, condition not alarming; Jennie Weaver, may die; Thomas Moran, engineer, living in Milwaukee, will recover; William Moulton, fireman, Milwaukee, will recover.

### Chinese Rice Crop O. K.

WASHINGTON, Sept. 18.—Consul Strang writes the department of state from Saigon, Cochinchina, that the Chinese rice crop did not suffer from inundations as was thought probable a few weeks ago. The Hong-Kong market has declined, while the Saigon market remains firm. Exports from Jan. 1 to July 25, this year, amounted to 886,114,762 pounds, as compared with 933,664,694 pounds during the corresponding season of last year.

### Good Sized Chunk of Gold.

NEW YORK, Sept. 18.—The largest chunk of gold that has ever been in this city was wheeled down Broadway yesterday. It was taken from the Grand Central depot to the United States assay office in Wall street in a common express wagon, guarded by five detectives. The big lump weighs 4,737 ounces and is worth \$85,000. It was shipped to the assay office by the Bank of Montreal and belongs to the Cariboo Mining company of British Columbia.

### Shot His Son-in-Law.

MOBERLY, Mo., Sept. 18.—Chiles W. Grimes, a prominent and highly respected citizen of this county, living near here, shot and killed his son-in-law, Luther Whitmore, yesterday. Grimes learned a few days ago that Whitmore had had a younger daughter astray while visiting at his home last winter. They met yesterday and the enraged father shot the young man five times and then rode to town and gave himself up.

CRAWFORDSVILLE, Ind., Sept. 18.—James W. Russell and John Curr of Indianapolis pleaded guilty in the Montgomery circuit court to a charge of burglary. Judge Henry sentenced each man to three years in the northern prison.

### Election Returns From Maine.

PORTLAND, Me., Sept. 18.—Complete returns of Monday's election are at hand. The total vote was: For Powers (Republican), 83,573; for Frank (Democrat), 34,841. Republican plurality, 48,732, against 12,503 in 1892.

## ACCUSED OF MURDER

Sensation Created in Cleveland by a Woman's Charge.

JAMES KEENAN UNDER ARREST.

His Common Law Wife Accuses Him of Murdering a Young Girl—A Battle With Burglars—A Feud Renewed—Diphtheria Spreading—Suspicion of Murder—Other Happenings in the Buckeye State.

CLEVELAND, Sept. 18.—James Keenan, a musician living at 128 Seneca street, is under arrest at police headquarters on charges preferred by his common law wife. She alleges that Keenan, two years ago, killed Anna King, a handsome girl, 22 years old, who was an inmate of a disreputable house on Canal street in Buffalo, and then fled from the city.

At the time of the murder he was employed as a piano player in the Imperial on Canal street.

The woman claims that she is not Keenan's wife, but has lived with him for some time past. Keenan refuses to talk upon the subject. The Buffalo police have been communicated with regarding the matter.

### BATTLE WITH BURGLARS.

Whole Town Aroused, but the Culprits Made Good Their Escape.

CHILLICOTHE, O., Sept. 18.—While burglars were at work in the general store of Taylor Moore, at Kinnickinick, they were surprised by Silas Stout. They ordered him away at the point of a revolver. Stout secured the assistance of five men, who armed themselves and attacked the robbers.

The latter held their ground for some time, and a half dozen shots were exchanged. The burglars finally escaped, carrying off a watch and a number of razors and knives. They dropped the money drawer and its contents in their flight.

The whole town was aroused and the robbers were pursued, but they succeeded in making their escape.

### Feud Renewed With Fatal Results.

GALLIPOLIS, O., Sept. 18.—Wilbur Christy, a one-legged man, was struck with a cane in the hands of Kent Thivener and killed at noon yesterday on the crowded streets. Christy had been in the employ of Thivener and had a quarrel with Thivener's brother and was discharged. Thivener met him yesterday and renewed the feud, with fatal results, striking Christy three blows on the neck, killing him instantly. Thivener was immediately arrested and lodged in jail.

### Diphtheria Spreading.

CHILLICOTHE, O., Sept. 18.—Chillicothe is on the verge of a diphtheria epidemic and the health officers are seriously alarmed. There are eight cases here now and there has been one death. Health Officer McCafferty has returned from Ebers, where he went to organize a board of health. There are 40 cases there and nine deaths have occurred, one being that of a man 38 years old. He goes to Raysville to organize another board and the town will be carefully quarantined.

### Abandoned the Search.

DAYTON, O., Sept. 18.—After dragging the bed of Stillwater river with long iron rakes, Chief Farrell has determined to abandon the search for the revolver with which Bessie Little was murdered. "I would give \$1,000 for the recovery of that weapon from the river bed," he said. "However, I don't really need it. I have enough evidence to convict Frantz without it, but I had set my mind on recovering it, and it is hard to fail."

### Circumstances Indicate Murder.

COLUMBUS, O., Sept. 18.—Newton Dill, a farmer northeast of here, was found yesterday with the top of his head blown off. A neighbor called and was told that Dill was in bed. A son was asked to go to the room. He said: "Oh, pa shot himself last night." The neighbor found Dill on the floor, a shotgun several feet distant with the butt toward him. Circumstances indicate murder.

### Convicts Removed.

COLUMBUS, O., Sept. 18.—One hundred and fifty convicts were yesterday removed from the Ohio penitentiary to the reformatory at Mansfield. The trip was made without incident. The construction of the reformatory was commenced 12 years ago and these are the first prisoners confined there.

### Liquor League Doing.

TOLEDO, Sept. 18.—The Ohio State Liquor league, in session here, reduced the executive committee from eight to six, the vice presidents from three to one. The executive committee was authorized to establish a board of control to confer with other organizations on political matters.

### Monster Gas Well.

TIFFIN, O., Sept. 18.—The city gas trustees have drilled a well near Fostoria which produces 400,000 feet of gas a day.

### An Unknown Man Killed.

MASSILLON, O., Sept. 18.—An unknown man was killed east of Orrville on the Port Wayne road early yesterday.

CHICAGO, Sept. 18.—James S. Norton, a well known lawyer and orator of this city, died yesterday at Lake Geneva, Wisconsin.

REPUBLICANS are harping against free coinage of silver when their own platform declares in favor of it. They want us to get the consent, however, of other nations first. If free coinage is such an awful thing, will the consent of other nations make it good?

THE Republican committee of Bourbon County met last week and instructed their Chairman, Mr. W. L. McClintock, to insist on the Congressional Committee calling a convention to nominate a candidate for Congress. The respectable element in the g. o. p. ranks in that Congressional district do not intend to allow their party to be manipulated in the interest of Willie Breckinridge.

## **LABOR ORGANIZATIONS FOR BRYAN.**

The New York World, the gold bug Ishmaelite, is frantic with fear. It is beginning to discern that the country-at-large is not as yellow as Wall street. It prints a double-leaded dispatch from Chicago, telling of the "sad" condition of the campaign, of which we quote the following:

"I think that the time has come to state that the labor organizations are against us to a man," said a member of the Republican National Committee to-day. "We have tried to teach them, but it is impossible. Labor day in this city gave a fair idea of the situation. For the first time the secret labor organizations refuse to hear our arguments."

## **WHAT HENRY CLAY ONCE SAID.**

The free coinage of silver and a large volume of money will revive farming, manufactures and business by increasing the purchasing demand for goods and products of labor in the following ways:

1. An increase in the volume of money will cause a rise in the price of goods and products of labor.

2. A rise in the price of goods, products of the farm, and all products of labor will increase the purchasing power of the millions of farmers, business men and laborers, also their debt paying power, and of the value of their homes, stock in trade, etc.

3. This increase in the purchasing power of these millions will increase the total purchasing demand for goods, products and labor. Thus, with greater demand at higher prices, debts can be paid, more goods consumed, and thus more labor employed and business done.

I believe that "the American people must learn the lesson of money or they are lost."

## **McKINLEY ONCE A SILVERITE.**

June 24th, 1890.—From a speech by McKinley in Congress. (See Congressional Record, vol. 21, page 6):

"I am for the largest use of silver in the currency of the country. I would not dishonor it. I would give it equal honor and credit with gold. I would make no discrimination. I would use both metals as money, and discredit neither. I want the double standard."

October 27th, 1890.—In a letter to the Secretary of the Stark County Alliance, William McKinley said:

"I am in favor of the use of all the gold and silver product of the United States for money as a circulating medium. I would have gold and silver alike."

February 12th, 1891.—The following is a verbatim extract from the address of William McKinley, Jr., at the Lincoln day banquet, in Memorial Hall, Toledo, Ohio:

"During all of Grover Cleveland's years at the head of the government he was dishonoring one of our precious metals, one of our own great products, discrediting silver and enhancing the price of gold. He endeavored even before his inauguration to office, to stop the coinage of silver dollars, and afterward, and to the end of his administration, persistently used his power to that end. He was determined to contract the circulation medium and demonetize one of the coins of commerce, limit the volume of money among the people, make money scarce and, therefore, dear. He would have increased the value of money and diminished the value of everything else—money the master—everything else the servant. He was not thinking of the poor then. He had left their side. He was not standing forth in their defense. Cheap coats, cheap labor and dear money. The sponsor and promoter of these professing to stand guard over the welfare of the poor and lowly. Was there ever more inconsistency or reckless assumption?"

What has changed McKinley's views on silver?

## **BLUFFER EGAN.**

He Turns Out to Be an Indianapolis Bartender—Wouldn't Bet. Couldn't Bet.

[Glasgow (Ky.) Times.

INDIANAPOLIS, IND., August 6th. I am, and have been for thirty years, a Democrat, but will now bet \$20,000 to \$10,000 that McKinley will get every one of the Northern and Western states. I will bet \$10,000 to \$20,000 that McKinley takes Indiana by 60,000. I will bet \$5,000 to \$400 that McKinley will get seven of the Southern states. I will bet \$20,000 to \$10,000 that McKinley will be elected, and I will make a bet of \$5,000 to \$2,500 that Bryan don't get as many votes as Greeley. These will hold good until September 1st. Yours truly,

JOHN EGAN.

For several weeks past Mr. Egan has enjoyed a great turn through the single-standard press North, East, South and West. Mr. Egan was pictured a Croesus in wealth, a gold bug lion roaring up and down the earth seeking the wallets of any "free silver fool" he might meet, and finding nothing because the hapless bimetalists had all climbed a tree. In short, Egan was Johnny-on-the-spot, and would come down with the cash whenever and wherever a weak-minded silverite came up with the chink. Now, mark the latter end of this gold-bugger.

A few days ago Mr. John H. Pedigo, the well-known Southern trader, stopped off in Indianapolis. Having transacted his business, he concluded to have some fun with Capitalist Egan, if such an individual could be found. After considerable search Mr. Egan was discovered behind an Indianapolis bar, serving out liquid refreshments to the weary and thirsty public. The rest of the story is best told in Mr. Pedigo's own language:

"In company with my partner, Ed. Lyons, who, for the purposes of the occasion, was my attorney, I walked into a barroom where Mr. Egan, in a white apron, was officiating in the style that I am told barkeepers are wont to appear before that part of the public which indulges in dramming. I introduced myself and my attorney, and then throwing myself back on my pastern-joints I remarked, with a good deal of emphasis, 'And now, Mr. Egan, my attorney and myself have traveled all the way from Georgia to take any, or all, of the bets which you have offered in the public press.' Mr. Egan promptly threw up his hands and sung out: 'Hell fire! I don't want to bet nuthin'!' I fell back in amazement. I looked him over from top to bottom. I simply transfixed him with the burning glance of one eye, while I winked at Ed. Lyons with the other eye. 'What!' I exclaimed, 'Do you tell me that I have torn myself from the bosom of my family and traveled nearly a thousand miles with my attorney only to learn that you were joking? Do you tell me you will not make your wagers good?'

I put it to him long and strong, and attorney Lyons hitched up his pants and drew himself up till he was nearly seven feet high, and looked like a barrel of vinegar. 'Good God, men, let me explain!' expostulated Capitalist Egan. 'I did put that piece in the papers, but it does seem to me that any—fool—I beg pardon, any gentleman—ought to have seen that I was only joking. I couldn't pay a bet if I made it. I am only a barkeeper in here—don't even own the bar. I couldn't bet, wouldn't bet, and—if I can pay a bet!' I gazed at him till I came near exploding with laughter, and just then Lawyer Lyons played his hand. 'Of course,' he observed, in a judicial tone that came from away down in his stomach, 'you will pay our expenses, sir. If you are unable to cover your own proposed wager you will at least see that we do not lose any money by your unfortunate and misleading publication. I am willing to waive my fee in the case, but I insist that we be reimbursed for the amount we have actually spent in our travels.' 'See here, gentlemen,' replied capitalist Egan, 'I can't do even that. I only draw a salary, and what you want would swipe me up.' Well, we ran the whole gamut of pleading and arguing with Egan. We grew eloquent and we waxed warm, but Egan didn't come, because he couldn't. Finally I detected a slight huskiness in Attorney Lyon's voice, and leaning over the bar I played for real stakes and shouted: 'Well, sir, if you won't bet and won't pay our expenses, you can set 'em up! The Indianapolis capitalist promptly uncorked a bottle of champagne, and what Ed. Lyons did to it was a plenty. Egan has never been a Democrat for thirty years, or for thirty minutes, but has always been a Republican.' This is the true story of how bluffer Egan fell over the bluff.

Cal Kennedy is asking every one what time it is.

Maynard Elkins, of Portsmouth, was calling on friends here Tuesday.

Miss Daisy Flaughter, of Manchester, is the guest of Miss Lulu Schlitz.

Sherman Evans, of Hiett, was shaking hands with his many friends here Tuesday.

J. H. Young, of Peebles, O., made a business trip to Aberdeen the first of the week.

The Misses Furnier, of Rome, are the guests of their brother, Mr. Will Furnier, and family.

Mr. and Mrs. Kellum and two children, of Norfolk, O., are the guests of Mrs. Kellum's mother, Mrs. Louis Reidie.

The Odd Fellows have had their hall decorated with a coat of paint this week. Crane & Davidson were the artists.

Midghall Bros. have completed the painting on Thomas Kewin's residence and it is one of the best jobs of work done in Aberdeen this season.

Dick Jones, of Cincinnati, came up Monday to take in the Bryan meeting, the Yellow Ribbon Fair, and visit his relatives and friends at this place.

The new wharfboat—or rather the hull of it—is here. J. N. King has the contract for finishing it and expects to have it completed in about three weeks.

The new public well on East Second has been completed and is a daisy. Bill Clark said he pumped out chunks of ice three feet square. So we know the water must be cold.

Healthy, happy children make better men and women of us all. A little care and a little planning before birth is often more important than anything that can be done after. On the mother's health and strength depend the life and the future of the children. A weak and sickly woman cannot bear strong and healthy children. Most of the weakness of women is utterly incurable. Proper care and proper medicine will cure almost any disorder of the feminine organism. Dr. Pierce's Favorite Prescription has been tested in thirty years of practice. It is healing, soothing, strengthening. It is perfectly natural in its operation and effect. By its use, thousands of weak women have been made strong and healthy—have been made the mothers of strong and healthy children. Taken during gestation, it makes childbirth easy and almost painless and insures the well being of both mother and child. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

## **PITHY POLITICAL POINTS.**

No Room For a Third Party in This Fight. Buckner's Surrender—Palmer's Outrageous Order.

There's no room for a third party in such a movement as is now before the people.

About the only really big caper cut by General Buckner during the war was his surrender of Fort Donelson.

The leaders of the third party will probably find out before they advance far that they don't represent much of anything or anybody.

The November election shall doubtless develop the fact that about all the strength of the third party was shown up at Indianapolis.

If General Palmer carries his own county in Illinois and General Buckner carries his county, Hart, they will be doing better than we expect.

And General Palmer is remembered principally by Kentuckians for his outrageous hog order issued while he was Military Governor of the State.

Some men imagine they are oracles on the money question whose only knowledge of it consists in their love for the clink and glitter of a dollar.

Some of the arguments of the gold men may seem plausible enough, but the trouble with them is they are deduced from wrong and erroneous premises.

## **Be Sure You Are Right**

And then go ahead. If your blood is impure, your appetite failing, your nerves weak, you may be sure that Hood's Sarsaparilla is what you need. Then take no substitute. Insist upon Hood's and only Hood's. This is the medicine which has the largest sales in the world. Hood's Sarsaparilla is the One True Blood Purifier.

Hood's Pills are prompt, efficient, always reliable, easy to take, easy to operate.

HON. JAS. BARBOUR.

One of Maysville's Most Highly Honored Citizens Dies Suddenly at Clifton Springs.

Had Held Many Positions of Trust in Church and State—Sketch of the Deceased.

Telegrams were received this morning at 5 o'clock announcing the death of Hon. James Barbour at Clifton Springs, N. Y., of disease of the brain.

No further particulars were given. He had been in failing health for some months, but the tone of his last letter to his son, Mr. J. F. Barbour, was more cheerful than usual. The final summons must have come suddenly to this beloved citizen.

James Barbour, banker and lawyer, was a son of James and Letitia Barbour and was born May 27, 1820, in Danville, Ky. His father was a native of Orange County, Va., and belonged to an old English family long distinguished in the affairs of the Old Dominion. His grandfather was Ambrose Barbour, a soldier of the revolution. Mr. Barbour's mother was born in Lincoln County, this State, and was a daughter of Willis Green, the first Clerk of the United States Courts for Kentucky.

Mr. Barbour graduated at the age of seventeen from Centre College, and three years later he graduated from Transylvania Law University. In 1840, he began the practice of law at Danville, where he remained until 1852 when he removed to Maysville, and became cashier of the Maysville Branch of the Bank of Kentucky. He continued in this position until 1871 when the branch was withdrawn. In that year, in connection with the late Andrew M. January and others, he established the Bank of Maysville and was its cashier until 1877, when, on Mr. January's death, he was chosen President, a position he held the rest of his life.

A man of marked ability and the strictest integrity, Mr. Barbour had been honored time and again by his fellowmen in business, educational and religious circles. In 1844 he was appointed by the Trustees of Centre College, to settle the affairs of the land grant made by Congress to the Kentucky Deaf and Dumb Asylum; in 1849 he was prominently identified with the Lexington and Danville railroad movement; in 1850, he was appointed State Auditor by Governor Helm; in the same year he was elected Professor of Languages and Belles Lettres in Centre College, but declined the position; he was elected a Trustee of Centre College in 1845, and of Danville Theological Seminary in 1853. He actively participated in the organization of the Maysville and Lexington railroad, and has been a conspicuous and sagacious adviser of this community in every important enterprise in which it has been engaged.

With extraordinary talents for practical affairs, Mr. Barbour united tastes and accomplishments that made him a distinguished figure in the best society at home and abroad. His manners were dignified and engaging and assisted in the impression which his rare conversational gifts left upon every circle in which he moved. He represented the old and conservative school in business, politics and social life, containing, in an admirable manner, the most practical sagacity, the strictest integrity, the soundest patriotism, the highest public spirit, and the finest personal courtesy, with an elevation of moral tone and a thoroughness of mental culture that made him a model for the generation in which he lived and will render his memory an inspiration to the generations which are to come.

Deceased became a member of the Presbyterian Church at the age of thirteen, had been an Elder of the First Presbyterian Church for years, had represented Ebenezer Presbytery in several General Assemblies, and a few years ago was a Commissioner from the General Assembly of the United States to the Pan Presbyterian Council that met in London.

Mr. Barbour leaves two children, Mr.

J. F. Barbour, Cashier of the Bank of Maysville, and Rev. John Barbour, of Birmingham, Ala. His beloved wife died eight weeks ago. She was Elizabeth Graham Foster, daughter of Colonel James Foster, of Natchez, Miss.

The remains will arrive here to-morrow afternoon, and the funeral will occur Sunday afternoon at 4 o'clock at the First Presbyterian Church, with services by the pastor, Rev. Dr. Hays.

Deceased had been an Oddfellow over fifty years, was a member of Ringgold Lodge No. 27, and the funeral services will be under the auspices of that lodge.

The remains will be taken to Danville Monday morning and laid to rest by the side of her who was his loved and faithful companion through life and from whom he was not long separated in death.

PORTSMOUTH Times: "A party of Huntington young men secured a chair, by hook or crook, on which Bryan sat at Maysville Tuesday and were proudly exhibiting it on the train coming home. The Portsmouth delegation planned a surprise on the Huntington men and arranged to get hold of that chair by fair means or foul when South Portsmouth was reached. Some sinner gave the Huntington crowd a tip and they guarded the chair in force until the Portsmouth crowd was off the train."

PROF. KAY, assisted by Misses Hanna and Howard, opened the Dover school September 14th. It bids fair to be a success. Prof. Kay has taught twelve years in three districts,—Fearis, Union and Tollesboro. This is his second term in Mason County and her teachers give him a cordial welcome to come among them. Prof. Kay's work in this line has not been confined to Kentucky alone; he has had the pleasure of teaching in several other States very successfully. Miss Hanna has long been considered one of Mason's best teachers, while Miss Howard is a graduate of Midway, which is evidence of her ability. Dover is to be congratulated.

AT the quadrennial meeting of the State League of Democratic clubs in Lexington this week, Hon. Mitchell C. Alford was re-elected President. Mr. C. Burgess Taylor was chosen Vice President from the Ninth Congressional district. The following delegates were selected to go to the National Association of Democratic clubs to be held at St. Louis October 3: From the State-at-large, M. C. Alford, T. P. Satterwhite, Jr., P. Wat Hardin, W. J. Stone. From the Congressional districts—First, John K. Hendrick; Second, Urey Woodson; Third, Charles Lewis; Fourth, Gen. A. J. Gross; Fifth, Attilla Cox; Sixth, Wm. Goebel; Seventh, W. P. Kimball; Eighth, Robert J. Breckinridge; Ninth, W. LaRue Thomas; Tenth, A. W. Hamilton; Eleventh, W. E. Cabell.

FOR THE FARMER.

The Probability of Damage by Chinch Bugs This Fall and Prospects of Their Re-appearance Next Year.

FRANKFORT, September 16, 1896.—Owing to the continued presence in great numbers of the "chinch bug," and the apprehension of damage by them to growing wheat in the fall and the probability of their appearance again next year, the Bureau of Agriculture desires to submit the following information as to the nature and habits of this pest. Professor Garman, Entomologist of the Kentucky Agricultural Experimental Station, says of the "chinch bug:"

"From its history it seems improbable that any very serious injury will be done to fall wheat, but the presence of the bugs in the fields this fall makes probable injury for the next season. So much depends on the weather between now and then, however, and it is unsafe to predict anything. If we have a damp fall and winter many of the bugs will succumb to disease: if it is dry during the fall and winter the probability is that the bugs will be destructive next year. The adult chinch bugs hibernate under rubbish at the edge of the fields, and farmers should see to it that no such lurking places are left for them. An unsparing employment of fire over waste places will do much to destroy them."

This information is furnished with the hope that it will receive the attention its importance demands. It may be well to remember that this State only escaped serious injury from this source this year by reason of the abundant rainfall at critical periods.

LUCAS MOORE, Commissioner of Agriculture.

CONVERTED

Was a Prominent Cincinnati Republican by Hearing "Coin" Harvey's Lecture.

[Enquirer.]

J. P. Jackson, Vice President of the De Camp-Levoy Company, on Main street, who has heretofore been a staunch Republican, has come out openly for Bryan and free silver. Said he to a party of friends: "A week ago I was a red-hot Republican, but when I went to hear 'Coin' Harvey at the Grand Opera House I became thoroughly converted to the doctrine of the free coinage of silver, and I wonder why I did not understand the question thoroughly before. It is as plain now to me as a pikestaff why this country cannot do business successfully on a single gold standard, and even if Mr. McKinley is elected the Republican party will be compelled to adopt the bimetallic system before the close of his term, on account of the effect the single standard is having on business. I am determined to vote for Bryan if I am the only man left in the party to cast a vote. From this time on I have cut loose from the Republican party, and intend to vote for my own interests, instead of for the interests of a lot of bond brokers."

FOUND DEAD.

Joe Latham, an Employee of the Cotton Mills, Dies of Heart Disease.

Joseph Latham, an employee of the Maysville Cotton Mills, was found dead early this morning at his home on Strawberry alley, Fifth Ward. He was heard groaning after midnight by his wife, but as this soon stopped, she did not get up. This morning one of the children went to awaken him and found him cold in death.

He was at work Thursday and thought to be in his usual health at supper last night. City Physician Harover examined the remains and stated that death had probably resulted from heart disease.

Deceased was fifty-three years old, and leaves a wife and four children.

Mr. Allen Was Not in It.

Congressman John Allen, of Mississippi, tells a good joke on himself. He accompanied Mr. Bryan to Maysville Tuesday night, and it was arranged that he should escort several ladies in the party from the special car to the place of speaking. "I put the ladies in a carriage," said Mr. Allen to a Courier-Journal reporter, "and got in myself, and we were driven to the place where Mr. Bryan was to speak. When we got there I alighted from the carriage and helped the ladies out. A big, burly policeman was standing near, and he absolutely refused to let me go upon the platform. He allowed Mr. J. P. Tarvin to go up with the ladies, but when I started to pass on he stopped me and shoved me around. He would not let me go on the stand at all, and although I tried to argue with him it was of no use. In fact he would not even arrest me and take me to jail."

DEATH OF REV. DR. YOUNG.

The President of Center College Summoned Suddenly to His Reward.

DANVILLE, Ky., September 16th.—Rev. Wm. Clark Young, D.D., President of Center College, died suddenly this morning about 10 o'clock in one of the recitation rooms at the institution just after having made his annual opening address to the students. He had been in ill health for some time.

He was fifty-four years of age, and was a son of Dr. John C. Young, for many years President of the college. His mother was Cornelia Crittenden, a daughter of Senator John J. Crittenden. Dr. Young, before becoming President of Center College in 1889, had been pastor of the First Presbyterian Church at Madison, Ind., of the Fullerton Avenue Church, of Chicago, Ill., and of the Central Presbyterian Church, of Louisville. He was Moderator of the Presbyterian General Assembly when it met at Portland, Ore., and has always held a commanding position in the councils of that church. He leaves no family.

The funeral will be held in Danville Saturday morning at 10:30 o'clock.

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgus, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at J. James Wood's drug store.

**FIRE IN A ST. LOUIS HOTEL.**

The Lindell Damaged to the Extent of \$8,000, but No One Was Injured.  
ST. LOUIS, Sept. 18.—For half an hour last night the Lindell hotel, one of the leading hostleries of this city, was in serious danger of destruction by fire. Fortunately the fire broke out near the roof and before any great number of the guests had retired, so that a panic among them was averted. The fire started from some unknown cause, and was confined to the top story. The principal damage was from water, and it is estimated that from \$5,000 to \$8,000 will cover the loss. It was fully insured.

The fire was discovered by the night watchman at 10:45 o'clock. It was burning in the ceiling over the elevator shaft. An alarm was at once turned in and employees of the hotel were sent to all the rooms to arouse any of the guests who might be asleep. A good deal of excitement followed as the guests beat a hasty retreat. In half an hour the department had the fire under control and a short time afterward it was out. No one was injured.

**Tots Asphyxiated.**

BONNER SPRINGS, Kan., Sept. 18.—Hasley, the 4-year-old son of A. W. Pettit, a druggist, and Charley Waters, 8 years old, were found in an unconscious condition yesterday in the cellar under Mr. Pettit's drugstore. They had overturned a five-gallon cask of gasoline, and there was clearly no explosion, the children had apparently been suffocated by the fumes while trying to right the mischief they had done in upsetting the cask. Both were pronounced dead soon after being taken from the cellar.

**An Indian's Idea of Justice.**

NORMAN, O. T., Sept. 18.—At Big Jim's crossing, 10 miles north of this place, Joe Johnson, an Indian, shot and killed two other Indians. Big Jim, chief of the Pottawatomies, fined Johnson \$10 and two ponies for the crime. Yesterday the sheriff of this county heard of the killing and went and placed Johnson under arrest. The sheriff asked the chief why he punished Johnson so lightly. The chief replied: "White man's court too severe." The killing was in cold blood.

**Battleship Texas Uninjured.**

NEWPORT, R. I., Sept. 18.—The United States battleship Texas, which went ashore at the mouth of the harbor here Wednesday night, has been floated and is apparently uninjured. There was no rock under her. Four tugs were required to get her into deep water. The work was accomplished after half an hour's steady strain. The Texas went aground through the chief engineer's mistaking a signal, and for a time it was thought that she was in danger of destruction.

**Tariff on Dried Fruits.**

SAN FRANCISCO, Sept. 18.—For the first time in the history of the Southern Pacific that corporation has decided to put into effect a tariff on dried fruit between California and European points in the hope of increasing fruit shipments to Europe. The tariff schedule was issued Wednesday and forwarded to all large shippers of dried fruit.

**A Kidnaped Convicted.**

SAN FRANCISCO, Sept. 18.—The jury was out only five minutes before rendering a verdict of guilty in the case of Oliver W. Winthrop, charged with robbery in connection with the abduction of James Campbell, a Hawaiian millionaire, who stated he was bound and gagged three days by Winthrop, who sought a \$20,000 ransom.

**Treasury Statement.**

WASHINGTON, Sept. 18.—The treasury yesterday lost \$50,500 in gold coin, and \$11,600 in bars, which leaves the true amount of the gold reserve \$114,490,176. There was arrived in the New York subtreasury \$241,800 in gold coin in exchange for currency, which does not appear in balance above stated.

**Tynan Is a Citizen of the United States.**

NEW YORK, Sept. 18.—The records of the court of common pleas show that P. J. P. Tynan, the dynamite suspect under arrest at Boulogne, France, has been a citizen of the United States since August, 1888.

**Gladness Comes**

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

**The Ashland School for Girls, ASHLAND, KENTUCKY.**

An attractive home and day school for girls of all ages. Will open September 30th, under the management of an accomplished principal assisted by able teachers. A wide range of subjects will be taught, including Languages, Literature, History, Science, Mathematics and the common branches, and the best instruction will be given by superior college-bred women. A distinguished graduate of the Royal Conservatory in Leipzig, will teach Piano and Vocal Music. Teachers and boarding pupils will live under one roof and form one family, thus affording the pupils an unusual opportunity for the best social culture. The house will be under the care of a gifted woman as Housemother, who will make it a delightful home. Under the auspices of the Diocese of Lexington, the Rt. Rev. Lewis W. Burton, D. D., being the spiritual head of the school, its influences will be positively Christian but not in any narrow sense sectarian. In sympathy with the times the charges will be lower than those of any school of its class, viz: For boarding pupils, \$50 a term; day scholars \$8 to \$12; music pupils, \$20. Three terms in school year. For descriptive circulars, address H. N. HILLS, Rector, Ashland, Ky.
